

Tutoring Usage

SMARTHINKING is a student-centric service that supplements on-campus courses and academic support systems.

- The SMARTHINKING online tutoring service is designed for students who are taking core academic courses.
- Online learning assistance is available from tutors in mathematics, statistics, Spanish, chemistry, physics, and writing for all subjects.
- Since FY 2010, eCore has tracked the SMARTHINKING usage each semester. For FY 2011 there were 1295 tutoring sessions made by eCore students via Smarthinking.com with over 701 hours of total usage.
- This is a 35% increase in the number of sessions from FY 2010, and 60% increase in the total hours of usage.
- Usage/time spent is almost evenly distributed between writing and math, with 42.3% usage in writing and 48.2% usage in math.
- 230 distinct students used SMARTHINKING during FY 2011.
- The average number of sessions per student were 5.6.
- The average time used per student was 3.05 hours.
