

## Grade Comparisons

The following tables represent the eCore grade distribution findings for FY 2012.

The first set of tables reports eCore grades by term for Percent Successful Completion (A-B-C), Percent Unsuccessful Completion (D-F-W-WM-WF), Percent Incomplete (I-NG-NR), and Percent Course Completion (No withdrawals). 'NT' signifies courses that were not taught in that term.

The second table reports eCore grades by affiliate. The eCore affiliates have provided comparative campus course grade distributions in order to make an assessment between eCore and Campus courses. All three terms are summarized for this study. 'Masked' corresponds to data that will not be reported if the eCore or Campus course reports seven or fewer students. 'No Data' identifies any eCore course not taken by the affiliate's students. 'Not Reported' identifies an eCore course that may not have a comparative campus course offered by the affiliate.
