eCore Financial Model

Self-Sustaining Model

The eCore financial model consists of three cost centers: the administrative institution, the student home institution, and the faculty home institution. Funds from eCore tuition are allocated as follows:

- 40% to the Administering Institution
- 20% to the Student Home Institution (census date)
- 40% to the Faculty Home Institution

Each student institution also keeps 100% of tuition from students withdrawing before the withdrawal deadline.

eCore is a completely self-sustaining program and requires no state appropriations.
