

## Collaborative Model

## Accreditation

### **Southern Association of Colleges and Schools Commission on College (SACS-COC)**

In 2001, the initial five eCore affiliate institutions (Georgia Highlands College, University of West Georgia, Valdosta State University, Columbus State University, Clayton State University) participated in a distance education substantive change visit by SACS. As a result of the visit, those institutions were considered compliant with SACS regulations for the delivery of online courses for the eCore program.
