

Student Information

Demographics

eCore student demographics follow along national trends in terms of the general makeup of students who choose online courses. Through strong data collection and record keeping, eCore is able to adjust and communicate student characteristics that can be useful to all USG institutions. eCore student demographics by age range, ethnicity, gender, location, and class are represented in the following charts. eCore affiliates provided demographic data per term, representing their current view of unduplicated headcount.

64% Female

36% Male
