

Course Completion by Affiliate

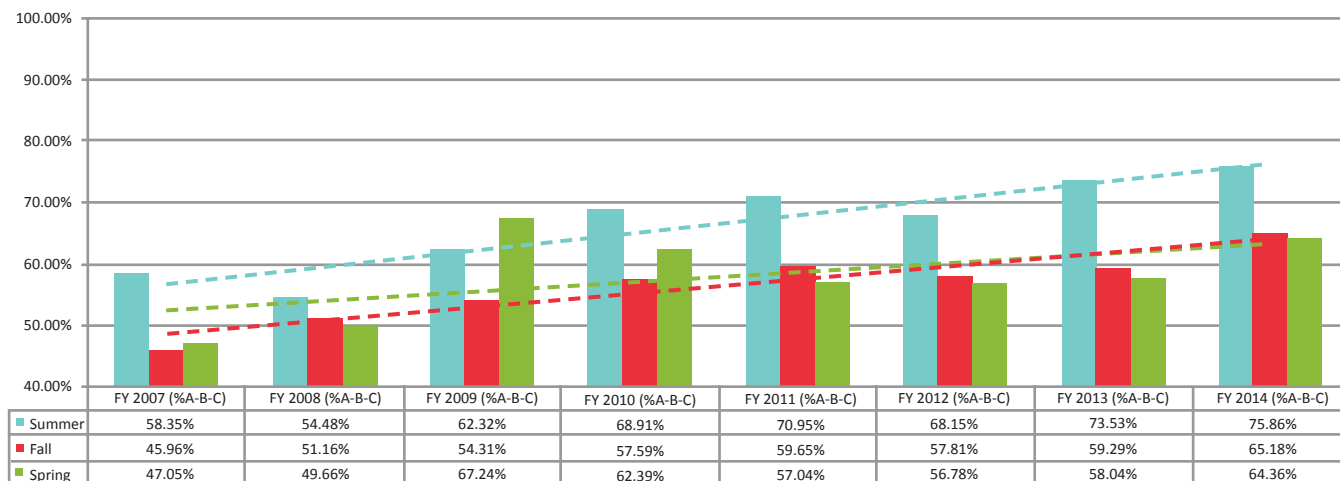

Grade Comparisons

The following tables represent the eCore grade distribution findings for FY 2014. The first chart is a summary of Percent Successful Grade (Grade A-B-C) by Fiscal Year for eCore since FY 2007. The first table depicts eCore Grades by Term for FY 2014, for Percent Successful Completion (Grade A-B-C) and Percent Course Completion (No Withdrawals). There is also a table identifying the Short Session course rates for FY 2014, which was the first time short session courses were offered in eCore. The third (large) table reports eCore Grades by Course and Affiliate for FY 2014. The eCore affiliates have also provided comparative seated campus course grade distributions in order to make an assessment between eCore and seated campus courses.

Legend:

Masked	Identifies data not represented because the eCore or Campus course enrollment was for seven or fewer students
Not Reported	Identifies an eCore course that may not have a comparative campus course offered by the affiliate

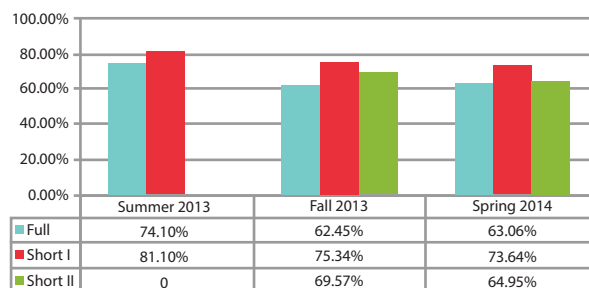

eCore Percent Successful Completion (A-B-C) FY 2007 – FY 2014 (Summer 2006 – Spring 2014)

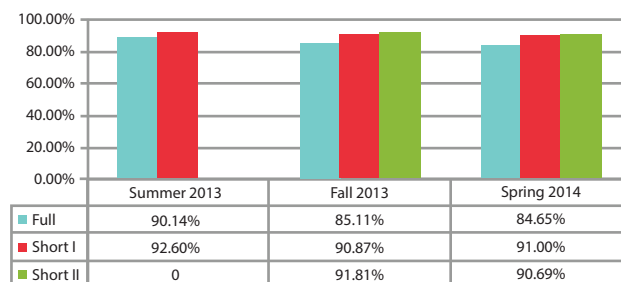

The Case for Short Sessions

eCore began offering short session (8-week) versions of courses in Summer 2012. The course completion and successful course completion of the short session courses typically outperform the full session version of the courses. eCore began with three short session courses in Summer 2012 and increased to 39 short session courses in Spring 2014, including Spanish and Calculus I. The reasons for success include shorter time commitment for the student, student registration into fewer hours in the duration of the short session, higher concentration of studies for both student and faculty, and an academic incentive for the student which may have precipitated the decision to take a short session course (for example, cohort meet-up or graduation). For FY 2014, the highest Course Completion occurred in Summer 2013, Short Session I, at 92.60%. The highest Successful Course Completion occurred in Fall 2013, Short Session I, at 75.34%.

Successful Course Completion (A-B-C Grades) by Session Type FY 2014

Course Completion (No Withdrawals) by Session Type FY 2014
