

eCore: The 2014 Affiliate Partnerships

By Spring 2014, eCore courses were offered for credit by ten USG institutions (Abraham Baldwin Agricultural College, Clayton State University, College of Coastal Georgia, Dalton State College, Fort Valley State University, Middle Georgia State College, Southern Polytechnic State University, University of North Georgia, University of West Georgia, and Valdosta State University) referred to as eCore affiliates.

- Affiliates are identified through a self-nomination process.
- Each institution conducts a careful analysis of participation criteria, including institutional academic review of eCore courses.

- Affiliate presidents and chief academic officers sign letters of commitment documenting endorsement of eCore, including their willingness to support students and accept eCore as a parallel core curriculum on their campus.
- Affiliate institutions admit and enroll students, maintain student records, provide financial aid, and provide services, such as advising, to eCore students, as appropriate, beyond those provided centrally.
