Testing Information

Where are Students Taking Proctored Exams?

eCore believes that assessment is a critical component in online course delivery. This is the reason that so much effort has been placed in providing convenient testing methods to all eCore students while maintaining the highest level of verification possible. This also allows eCore classes the greatest level of transferability for both students and institutions.

**STEP 1:**

Call the Non-Affiliate Testing Site to schedule proctored exam.
Proctored Online Exams for eCore Courses

In an effort to heighten security and reduce costs, eCore has moved away from paper-based exams. Instead, eCore encourages instructors to use Desire2Learn, i.e., GoView for their exams. Since Summer 2009, eCore faculty generally use proctored online tests for midterms and/or finals to assess a student’s progress in the course in a secure environment. Students in online courses must fulfill their responsibilities in scheduling and taking a proctored exam.

Approved eCore Testing Sites and Proctors

A student may request to add a testing center to the List of Approved eCore Testing Sites & Proctors. According to eCore policies, only public testing centers (college, university, library or army base education centers) with adequate access to GoView are able to proctor exams, and may be added to the List of Approved Proctors. The eCore Testing Coordinator carefully screens each requested testing center.

Each proctor from an approved testing site must have the ability to use the following:

• A valid and working e-mail address
• Internet access for students taking online exams delivered via GoView

eCore Affiliate Testing Centers

• Abraham Baldwin Agricultural College
• Clayton State University
• College of Coastal Georgia
• Dalton State University
• Fort Valley State University
• Middle Georgia State College
• Southern Polytechnic State University
• University of North Georgia
• University of West Georgia
• Valdosta State University
Revenues Generated by Affiliate Testing Centers

These numbers were generated by multiplying the number of verified tests taken by the proctor fee per institution. eCore affiliate institutions retain all revenue generated through proctored exams at their institution.

Percentage of Proctored Exams at Affiliate and Non-Affiliate Facilities

These percentages were generated by the number of verified exams taken each semester.

DID YOU KNOW?

- Exams were taken in 36 states and 12 different countries around the world.
- Active military eCore students took exams in Australia, China, Colombia, France, Germany, India, and The United Kingdom.
- The average time the new registration process saved an affiliate testing center was five minutes per registration.

New Test Scheduling Process

With RegisterBlast, students can register for the necessary exam in a quick and efficient manner. They simply click on the exam needed, and then choose a testing date and time. The process is complete when the student receives an email confirming the details of their registration. This eliminates the need for students to call a testing center in order to schedule an exam. RegisterBlast is accessible 24/7 and is currently the registration tool of choice for ten affiliates testing centers: ABAC, CCGA, CLSU, DSC, FVSU, MGSC, SPSU, UNG, UWG, and VSU.
